

Invitation to the Kinder-Uni 2012

To all curious Kids in the 3rd and 4th Class

The University of Bielefeld invites in February and March 2012 all curious kids to the Kinder-Uni.

There will be “real” Professors answering simple and sometimes hard questions: How does a Rocket fly? Why does it rain so much in Bielefeld? Why isn't there a King in Germany? - You will find the current program with all the questions on the Kinder-Uni-Internet website: www.uni-bielefeld.de/kinder-uni

There will be all in all 4 lectures during the Kinder-Uni on Fridays in the afternoon: 10. February, 17. February, 24. February and the 2. March 2012.

About 400 Kids will be able to participate in a big lecture room at the University of Bielefeld and the Professors will explain everything that the “small students” want to know. Adults will not be allowed in the lecture room, there will however be a live video transmission in the neighboring lecture room.

Attendance is free of charge! Every child will also get a Kinder-Uni-Identity-Card which is valid before and after the Kids-Uni as a ticket for all Trains and Busses in Bielefeld.

What should a child do to take part?

Many Kids want to attend the Kinder-Uni (Kids-Uni) every year. This means, so as to make the whole thing fair and to give every child a fair chance the 400 available places will be drawn by lot.

Those who want to take part can register themselves during the Christmas holidays from the 19th of December to the 8th of January at the Kinder-Uni (Kids-Uni-Internet) website: www.uni-bielefeld.de/kinder-uni

The drawing will take place on the 13th of January 2012. All the Kids will get a reply on whether or not they got a place.

Any questions?

The Kinder-Uni-Team will answer all questions from children and their parents.

Tel. 0521/106-4446, kinder-uni@uni-bielefeld.de

We'll be happy to receive many young researchers!
