What will I learn about?

European Culture/Cross Cultural Management (3 credits)
The course provides students with an insight in the European culture in its various facets. It integrates historical aspects of the European unification process as well as current political and social trends within Europe.

European Politics and Business (3 credits)
This course examines European politics and business from the perspectives of economics, politics and law as well as the functional disciplines of European logistics, supply chain management and mobile marketing.

2 labs (research project and paper presentation)
The course offers participants the opportunity to conduct research in a specific aspect of the given lecture content by doing an additional lab of 15 lecture hours.

Language? Ja bitte!
Course: German as a foreign language, beginners’ level Course participants should gain an individual cultural experience with people and country. Some knowledge of German makes it easier to establish individual contacts.

Business live – Field Trips

Berlin is a symbol of German history ranging from Prussia, the Nazi Regime, World War II, and the Cold War to German reunification. The agenda contains a visit of the “Reichstag” (The German Parliament) and a discussion with a Member of Parliament, the Berlin Wall, Brandenburger Tor and Checkpoint Charlie.

Frankfurt is sometimes called “Bankfurt” or “Mainhattan” as it is home to the European Central Bank and some of the world’s biggest banking institutions. The agenda contains a visit of the European Central Bank with presentations and discussions.

The port of Rotterdam is the largest in Europe and its logistical nerve center. The agenda contains a visit to both, the city and the port of Rotterdam.

The Peace Palast, which houses the International Court of Justice, is visited in The Hague. The trip through the Netherlands will be rounded off with a city break through Amsterdam.

Company Visits
The European Summer School program includes several one-day field trips to regional midsized companies, which are well-known and typical German midsized companies producing high quality products. Mostly they are family-owned businesses with a specific corporate culture and governance policy. The companies are very successful in the global market but their production facilities are mainly located in Germany. During the company visits students will see high-quality manufacturing and get a chance to discuss corporate business strategies with the management.

What will I be getting?

Classes in European business and culture
- 6 Credits + 2 for labs
