

BRIDGE:

„Bridge for Researchers in Danger Going to Europe“

“How I present Myself and My Skills?” BRIDGE 1st Webinar, 28 Jan 2019

Svetlana Dimitrova,
Project Manager, Sofia University
EURAXESS BHO, Bulgaria

The European Research Area (ERA)

A unified area open to the world, in which scientific knowledge, technology and researchers circulate freely.

MORE EFFECTIVE NATIONAL RESEARCH SYSTEMS

Boosting investment and promoting national competition.

OPTIMAL TRANSNATIONAL CO-OPERATION AND COMPETITION

On common research agendas on grand challenges and infrastructures.

AN OPEN LABOUR MARKET FOR RESEARCHERS

Facilitating mobility, supporting training and ensuring attractive careers.

GENDER EQUALITY AND GENDER MAINSTREAMING IN RESEARCH.

Encouraging gender diversity to foster science excellence and relevance.

OPTIMAL CIRCULATION, ACCESS TO AND TRANSFER OF SCIENTIFIC KNOWLEDGE

To guarantee access to and uptake of knowledge by all.

ERA progress

ERA PROGRESS REPORT 2016

Monitoring ERA implementation at country and research organisation level.

An open labour market for researchers

Facilitating mobility, supporting training and ensuring attractive careers

While researcher mobility contributes to excellence, several obstacles stand in the way of a genuine European research labour market. One of the most important is the lack of transparent, open and merit-based recruitment, which makes research careers less attractive and hampers mobility, Gender equality and research performance.

EURAXESS is 1 of the ERA key priorities:

- Network of more than **500 research organisations in 40 European countries** (soon 42 – Armenia & Georgia to join in 2019) and more than **1100 supporting staff members**
- **Free** services and support to the mobility and career development of researchers
