PROGRAM
WHAT ARE MY OPPORTUNITIES?

HOW APPLY FOR A JOB?

WHAT IS IT – WORKING OUTSIDE ACADEMIC WORLD?

We will work together to find answers to these and many other questions that you have on your path to establish your future!

There will be sessions devoted to the local opportunities in Sweden, such in other European countries, practical exercises, discussions and sharing of experience:

- Differences in CV writing for academia and industry,
- Job interviews and how to prepare,
- Tools that may help in preparation,
- Where to find advice and consolations,
- Etc.

We are looking forward to meet you there!

**About the Project**

*Bridge for Researchers Going to Europe – Step II* is a 24-month long EURAXESS project to support the long-term careers of 300 highly skilled refugee researchers and their integration into the labour markets of the European Union member states and its associated countries. It provides high quality guidance, mentoring and training for refugee researchers, especially postdocs and professors displaced for more than two years in Greece, Bulgaria, Serbia, Austria, Switzerland, Germany and Sweden.

The main objective of the project is to support refugee researchers displaced in these countries to find their long term professional realization in research and business organizations in Europe by providing dedicated to their needs training, mentoring and internship program, as well as opportunities for beneficial networking, contacts and sharing of personal experience.
