The Faculty of Technology, Bioinformatics Infrastructure, offers four full-time
research positions
starting October 1st, 2019
(E13 TV-L, non-permanent positions)

Your Tasks
The graduate school "Digital Infrastructure for the Life Sciences" at the Bielefeld Institute for Bioinformatics Infrastructure offers four PhD positions. In different research projects within the scope of "Service Science", bioinformatics services for the life sciences will be developed and analyzed. Selected projects will be co-supervised from Bielefeld and ZB MED. Further information on the graduate school can be found online: http://bibi.uni-bielefeld.de.

Successful applicants will:
 conduct own research in the above-named area (80 %)
 participate in lectures and workshops within the graduate school (20 %)

Your Profile
We expect
 excellent scientific degree, e. g. masters in bioinformatics, computer science, or related disciplines (with at least grade "good")
 deep knowledge in the research area applied for
 high proficiency in spoken and written English
 good team work and cooperative style of work
 high communication capabilities

Preferable qualifications
 own previous research in the subject of the graduate school

Remuneration
Salary will be paid according to Remuneration level 13 of the Wage Agreement for Public Service in the Federal States (TV-L). As stipulated in § 2 (1) sentences 1 of the WissZeitVG (fixed-term employment), the contract will end after three years. In accordance with the provisions of the WissZeitVG and the Agreement on Satisfactory Conditions of Employment, the length of contract may differ in individual cases. The employment is designed to encourage further academic qualification. In principle, these full-time positions may be changed into a part-time positions, as long as this does not conflict with official needs.

Bielefeld University is particularly committed to equal opportunities and the career development of its employees. It offers attractive internal and external training and further training programmes. Employees have the opportunity to use a variety of health, counselling, and prevention programmes. Bielefeld University places great importance on a work-family balance for all its employees.

Application Procedure
For full consideration, your application should be received via either post (see postal address below) or email (a single PDF) by the 31st of July 2019. For further information regarding your application see http://bibi.uni-bielefeld.de. Please mark your application with the identification code: wiss19138. Please do not use application portfolios and send only photocopies of original documents because all application materials will be destroyed at the end of the selection procedure. Further information on Bielefeld University can be found on our homepage at www.uni-bielefeld.de. Please note that the possibility of privacy breaches and unauthorized access by third parties cannot be excluded when communicating via unencrypted e-mail. Information on the processing of personal data is available http://www.uni-bielefeld.de/Universitaet/Aktuelles/Stellenausschreibungen/2018_DS-Hinweise.pdf.
