The Faculty of Business Administration and Economics offers a part-time research position starting November 1st, 2019 (E13 TV-L, non-permanent position)

Your Tasks

- research in the area of Economic Theory and Computational Economics, in particular the analysis of industry dynamics and optimal firm strategies with focus on innovation in the light of developments like digitalization and globalization. A methodological orientation in dynamic game theory, numerical methods, simulation or a combination thereof is desirable. (65 %)
- support of teaching activities in the Bachelor and Master courses offered in the area of Economic Theory and Computational Economics in the amount of up to 2.6 LVS, including participation in grading and supervision of seminar papers and BA and MA theses. (25 %)
- participation in tasks of university administration and in the management of research projects of the group. (10 %)

Your Profile

We expect

- a completed Master degree (or equivalent) in Economics, Mathematical Economics or an related field (with good success)
- a high level of commitment, engagement and self-initiative
- collaborative and team work abilities
- good knowledge of English (oral and written)
- the intention to pursue of doctoral degree in one of the above areas (enrollment and active participation in the Bielefeld Graduate School of Economics and Management is required for this position)

Preferable qualifications

- knowledge in one or several of the following areas: dynamic optimization, dynamic games, industrial organization, numerical methods, agent-based simulation

Remuneration

Salary will be paid according to Remuneration level 13 of the Wages Agreement for Public Service in the Federal States (TV-L). As stipulated in § 2 (1) paragraph 1 of the WissZeitVG (fixed-term employment), the contract will end after three years. In accordance with the provisions of the WissZeitVG and the Agreement on Satisfactory Conditions of Employment, the length of contract may differ in individual cases. The employment is designed to encourage further academic qualification. The position is advertised as 66 % part-time. In principle, percentage of the part-time position can be changed, as long as this does not conflict with official needs.

Bielefeld University is particularly committed to equal opportunities and the career development of its employees. It offers attractive internal and external training and further training programmes. Employees have the opportunity to use a variety of health, counselling, and prevention programmes. Bielefeld University places great importance on a work–family balance for all its employees.

Application Procedure

For full consideration, your application should be received via either post (see postal address below) or email (a single PDF document sent to etace@uni-bielefeld.de) by the 15th of August, 2019. Please mark your application with the identification code: wiss19151. Please do not use application portfolios and send only photocopies of original documents because all application materials will be destroyed at the end of the selection procedure.
