

Letter of recommendation

Guidelines for the Letter of recommendation

General information: The DAAD requires scholarship applicants to submit a letter of recommendation signed by a university professor from their home university. Funding decisions for DAAD programmes are generally made by independent academic Selection Committees. The letter of recommendation, along with certificates documenting the applicant's academic achievements and the applicant's description of the study or research project, form an important decision-making basis for the Selection Committee's scholarship award and will be reviewed very carefully.

Form of the letter of recommendation:

There is a specific DAAD-Template for the letter of recommendation, which can be found at:
