

Online Behaviour & Evolution Seminars

Summer Semester 2020
On Wednesdays in W0-135

Date	Time	Speaker	Title
08.04.2020	12.15	Stuart Wigby , Univ. of Oxford & TU Dresden (host: Ramm)	Seminal stories
15.04.2020	12.15	Veronika Laine , Netherlands Institute of Ecology, Wageningen (host: Goßmann)	Five years of tits: molecular basis of adaptation
22.04.2020	12.15	Arlie McCarthy , Univ. of Cambridge & British Antarctic Survey (host: Hoffman)	Antarctica: the final frontier for marine biological invasions
29.04.2020	12.15	Jonas Schwarz , Department of Animal Behaviour, Bielefeld University	Mom, where art thou? New approaches into Galapagos sea lion foraging strategies
06.05.2020	12.15	Rita Fragueira , Macquarie University, Sydney, Australia (host: Korsten)	All losers? Inter-individual differences in responses to heatwaves
13.05.2020	12.15	David Kikuchi , Wissenschaftskolleg zu Berlin (host: Caspers)	Cheats, liars and deceit: the evolution and ecology of mimicry
20.05.2020	12.15	Jan Büllesbach , University of Münster (host: Reinhold)	The genetic basis of cuticular hydrocarbon biosynthesis and sexual signalling evolution in a parasitoid wasp
27.05.2020	12.15	Martijn Hammers , University of Groningen, Netherlands (host: Korsten)	Ecology of senescence in the Seychelles warbler
03.06.2020	12.15	Chiara Benvenuto , University of Salford, UK (host: Wittmann)	tba
10.06.2020	12.15	Andrew Anderson , Reed College, Portland, USA (host: Riyahi)	Genomic sex-steroid response elements and their interaction with sexual selection: Pipefish to primates
17.06.2020	12.15	Katharina Riebel , Leiden University, Netherlands (hosts: Korsten & Caspers)	tba
24.06.2020	12.15	Stefano Masier , Ghent University (host: Reinhold)	Eco-evo effects of connectedness: experimental approaches in an arthropod system
01.07.2020	12.15	Hoffman	
08.07.2020	12.15	Schmoll/Ramm	
15.07.2020	12.15	Chakarov	

All interested are welcome!
