

### Support: How to fill in the recognition table?

In the **Recognition\_Table.doc** you list all your activities from Bologna.

With help of the correspondence table from document "Correspondance table\_DD\_Bielefeld\_Bologna" and "Details on modules and courses", which list all recognition possibilities, you provide equivalent modules in Bielefeld.

As you can see, you have multiple options to match your Bologna seminars and modules in Bielefeld.

By choosing from recognition options, **you have to make sure**, that you comply with general structure of the MA Sociology:

#### Option 1: Thematic profile

**3 modules from one area**, called profile, (please make sure you distinguish these 3 modules with additions a, b and c) and other three modules from other areas. One module from these six must be "Lehrforschung" (student research project).

#### Option 2: General Profile

To be studied: **Module 30-M-Soz-M2a Sociological Theory a and Module 30-M-Soz-M3a Sociological Methods a** and other four modules from other areas. One module from these six must be "Lehrforschung" (student research project).

For more information on the structure of the MA Sociology please see our website: <https://ekvv.uni-bielefeld.de/sinfo/publ/master-as/soziologie?m&lang=EN> and attached presentation MA Sociology Double Degree\_graduation.ppt

You can find module codes below:

30-M-Soz-M1

Introductory module

30-M-Soz-M2 a, b, c

Sociology Theory

30-M-Soz-M3 a, b, c

Sociological Methods

30-M-Soz-M4 a, b, c

Sociology of Work and Economics

30-M-Soz-M5 a, b, c

Political Sociology

30-M-Soz-M6 a, b, c

Organizational Sociology

30-M-Soz-M7 a, b, c

Social Structure Analysis and Social Inequality

30-M-Soz-M8 a, b, c
