You can find the contact information for Erasmus+ National Agencies in Programme Countries and National Erasmus+ Offices available in certain Partner Countries here:

STEP I. Before your mobility period

- Once you have been selected as an Erasmus+ student, you are entitled to receive guidance regarding the partner institutions or enterprises where you can spend your mobility period and the activities that you can undertake there.
- If you have the right to receive information on the grading system used by your receiving institution as well as information on obtaining insurance and finding housing, and securing a visa (if required). You can find the relevant contact points and information sources in the inter-institutional agreement signed between your sending and receiving institutions.
- You will sign a Grant Agreement (even if you do not receive financial support from EU funds). If you are enrolled in a higher education institution located in a Programme Country¹, you will sign the Grant Agreement with your sending institution. If you are enrolled in a higher education institution located in a Partner Country, you may sign it with your sending or receiving institution, depending on the agreed arrangements. In addition, you will sign a Learning Agreement with your sending and receiving institution/enterprise. Thorough preparation of your Learning Agreement is crucial for the success of your mobility experience and to ensure recognition of your mobility period. It sets out the details of your planned activities abroad (including the credits to be earned and that will count towards your home degree).
- If your mobility is between Programme Countries, you will undergo a mandatory Erasmus+ Online Linguistic Support assessment after you have been selected (provided this is available in your main language of instruction/work abroad). In addition, it will allow your sending institution to offer you the most appropriate language support. You should take full advantage of this support to improve your language skills to the level recommended by your receiving institution.

STEP II. During your mobility period

- You should take full advantage of all the learning opportunities available at the receiving institution/enterprise, while respecting its rules and regulations, and endeavour to perform to the best of your ability in all relevant examinations or other forms of assessment.
- Your receiving institution/enterprise commits itself to treat you in the same way as its home students/employees and you should make all the necessary efforts to fit into your new environment.
- You could benefit from networks of mentors and buddies where available at your receiving institution/enterprise.
- Your receiving institution will not ask you to pay fees for tuition, registration, examinations or for access to laboratory and library facilities during your mobility period. Nevertheless, you may be charged a small fee on the same basis as local students for costs such as insurance, student unions and the use of study-related materials or equipment.
- You may have the right to receive information on the grading system used by your receiving institution/enterprise.

STEP III. After your mobility period

- In accordance with your Learning Agreement, you are entitled to receive full academic recognition from your sending institution for activities that you have completed satisfactorily during your mobility period.
- If you are studying abroad, within five weeks of the publication of your results, your receiving institution will send a Transcript of Records to you and to your sending institution, showing your credits and grades achieved. Upon receipt of your Transcript of Records, your sending institution will provide you with complete information on the recognition of your achievements. If you are enrolled in a higher education institution located in a Programme Country, the recognised components (e.g. courses) will appear in your Diploma Supplement (or equivalent).
- If you are doing a traineeship, your enterprise will give you a Traineeship Certificate summarising the tasks carried out and an evaluation. Your sending institution will also give you a Transcript of Records, if this forms part of your Learning Agreement. If the traineeship was not part of the curriculums you can request to have it recorded in your Europass Mobility Document and if you are enrolled in a higher education institution located in a country taking part in the Bologna Process, the mobility period will be additionally recorded in your Diploma Supplement (or equivalent). If you are a recent graduate from an institution located in a Programme Country, you are encouraged to request the Europass Mobility Document.
- You must fill in a Participant Report to provide feedback on your Erasmus+ mobility period to your sending and receiving institution, to the relevant Erasmus+ National Agencies and to the European Commission.
- You are encouraged to share your mobility experience with your friends, fellow students, staff in your institution, journalists etc. to let other people benefit from your experience, including young people.
