

JUMP2 Future Leader Mentoring

Mentoring request

If you would like to participate in the JUMP2 Future Leader Mentoring programme, you can search for suitable mentors at the JUMP2 partner universities yourself and inform your JUMP2 coordinator of your preference. Alternatively, you can also specify an entire department at a JUMP2 partner university as your preference and ask for a mentor to be suggested from that department.

The aim of the JUMP2 Future Leader Mentoring programme is to support you in further developing your academic profile, to give you specific impetus for your JUMP on a permanent professorship, and to expand your professional network in the long term. The following aspects can be addressed in the JUMP2 Future Leader Mentoring programme:

- Academic career
- Main areas of research
- Acquired third-party funding
- Compatibility of family and science
- Social background
- Publications, editorial work if applicable
- Memberships in scientific networks
- Participation in public lectures, panels, or conferences
- Supervision of students and doctoral candidates
- International experience
- Interdisciplinary and transdisciplinary experience

Please explain below which aspects are particularly important to you in the context of JUMP2 Future Leader Mentoring:

What questions would you like to discuss as part of the JUMP2 Future Leader Mentoring programme? Please briefly describe them.

Which person would you like as a mentor, or from which subject area would you like a mentor?
Please explain your choice.

Name: _____

Department: _____

University: _____

Reasons:

Next steps

Please email your mentoring request and your current CV to the JUMP2 coordinator at your university. The mentoring requests will be coordinated by the JUMP2 coordinators, and you will be informed as soon as there is a response. You can also fill out the document twice if you want to specify not only a first choice but also a second choice.
